

# BS Coach

Side Project (Feb. 2020 - )  
by Hyunseok Choi

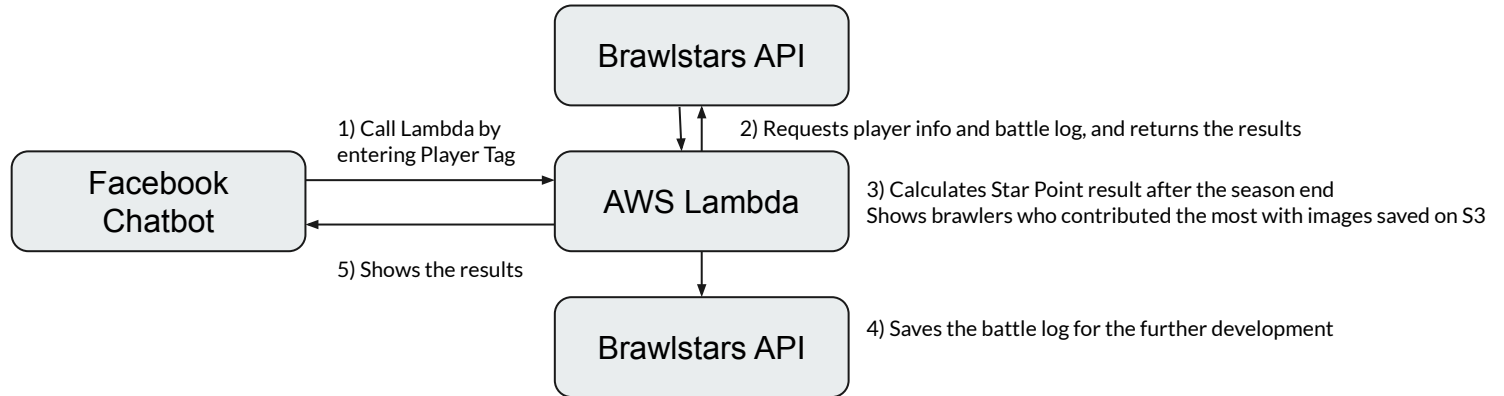

# Motivation

There's no way in game to figure out how the star points would change after the season end

And, I thought people would love to get advice to improve their gaming skills

# Service Flow

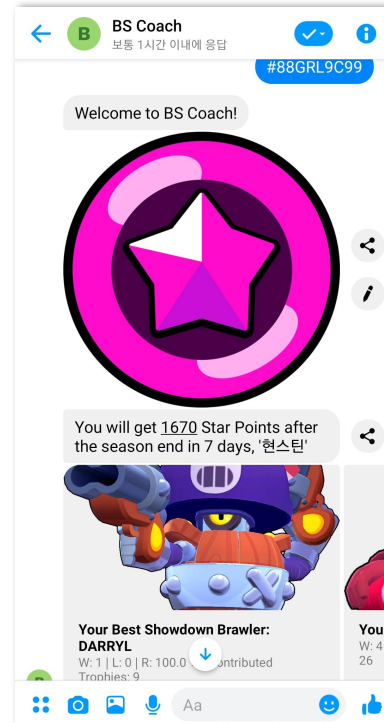

Technology used: AWS Lambda (w/ static IP), AWS DynamoDB, AWS S3, AWS Cloudwatch, Brawlstars API, Facebook Messenger API

# Take a look!

The service is live, and you can try it by sending message at

<https://www.facebook.com/BS-Coach-100489278206216>

1) Enter Player Tag

2) Shows results on Star Points

3) Shows best brawler for each game mode, Showdown and 3v3 game play.

# End of Document

More portfolios are on my Github Repo:
